Reduction in demand of fertilizers

1892-B. SHRI SANTOSH BAGRODIA: Will the Minister of AGRICULTURE be pleased to state:

(a) whether in view of the increase in prices of different kinds of fertilisers, the total demand for fertilizers is likely to be reduced in the country;

(b) if so, the details thereof; and

Allotment of foodgrains to States

1892-C. SHRI JAGADISH JANI: Will the Minister of FOOD be pleased to state:

(a) whether it is a fact that there is a wide-gap between the allotment of foodgrains made to different States by the Centre and lifting of those articles by the State Governments;

(b) if so, the reasons therefor; and

(c) the steps taken by Government to bridge the gap and ensure the availability of food articles to the consumers?

THE MINISTER OF STATE (INDEPENDENT CHARGE) OF THE MINISTRY OF FOOD (SHRI TARUN GOGOI): (a) to (c) During the last three years, viz., 1988-89 to 1990-91, the lifting of foodgrains (rice and wheat) from the Central Pool for Public Distribution System by the various States/U.Ts. has varied between 78 per cent to 90 per cent. During the current year, upto July; 1991, based on provisional figures of lifting, it comes to 82 per cent. Such a gap between allotments and lifting cannot be termed as wide. The lifting against monthly allocations is dependent on various factors, such as local production, price differential between the prices at the Fair Price Shops and the open market, consumers preference for specific variety or quality of grains, period of the year etc.
